Sani Luxe® Jetscent® Sanitizer
Foaming and Liquid Hand Sanitizer

DESCRIPTION

Sani Luxe® is a traditional hand sanitizer, available as a liquid gel or foaming sanitizer. All Sani Luxe options are part of an above-the-counter system which eliminates the mess associated with unhygienic soap bars and hard to maintain under-the-counter systems where water is limited or unavailable. The above-the-counter system is functionally attractive and makes replacing the sanitizer an easy task, just remove the old bottle and replace with a brand new one! This eliminates the potential for clogs, bacteria buildup, and sanitizer being watered down instead of refilled.

FEATURES

- Mild, gentle, moisturizing formula that does not dry out skin
- Contains emollients to leave hands feeling soft
- No need to rinse
- Recyclable bottles
- Reliable pump performance
- Easy viewing of sanitizer level
- Constant and complete sanitizer turnover

- Quick and easy bottle replacement
- Variety of base options - angle, color, threaded or snap-in
- Multitude of customization options - type of sanitizer, label, base type
- Available with or without alcohol in the formula
