

Flight Luxe® & Flight Luxe® Jetscent® Soap Foaming and Liquid Hand Soap

DESCRIPTION

Flight Luxe® is a traditional hand soap, available as a liquid or foaming soap; whereas Flight Luxe® JetScent® is only available as a foaming soap with a deodorizing collar on the bottle. All Flight Luxe® options are a part of an above-the-counter soap system which eliminates the mess associated with unhygienic soap bars and hard to maintain under-the-counter soap systems. The above-the-counter soap system is functionally attractive and makes replacing soap an easy task, just remove the old bottle and replace with a brand new one! This eliminates the potential for clogs, bacteria buildup, and soap being watered down instead of refilled.
